

August 15, 2023

Dear GCA Parents/Guardians,

Two pieces of information:

1. Save the date: Grandparent's Day is Friday, Sept. 8. Please let grandparents know so they can put it on their calendar. More information will be coming next week.
2. I know you are all aware of the incredibly devastating fires in Maui. This event is personal to GCA as we have three staff members and 3 of our students that have family there who have been impacted. They have lost a cousin and two of their family homes have burned. On that side of the island, there is no electricity or running water. A cousin of our GCA family has posted a gofundme site to help support both their family members who have been displaced, but also to help all those who are living under these terrible conditions. If you feel led to help with this, I encourage you to do so.
